THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI SANTOSH MOHAN DEV): (a) to (c) A territorial dispute between these two States arising out of the construction of Kalingadola Dam by the Government of Andhra Pradesh on the inter State boundary has recently come to the notice of the Government. A meeting with the representatives of both the State Governments and the Survey of India was held in Delhi on 29th May, 1989, in which it was decided *inter alia* that a joint inspection of the relevant sector of the boundary would be carried out by the representatives of both the State Governments alongwith the Survey of India and the matter be mutually settled.

Facilities in High Court buildings

1070. DR. NARREDDY THULASI REDDY: Will the Minister of LAW AND JUSTICE be pleased to state:

(a) what are the guidelines for High Court buildings as suggested by the Committee appointed by his Ministry; and

(b) how many High Court buildings have the facilities as suggested by the Committee?

THE MINISTER OF LAW AND JUSTICE (SHRI B. SHANKARANAND): (a) and (b) While recommending establishment of a Bench of the Allahabad High Court, the Jaswant Singh Commission suggested that the building should have Court rooms and chambers for the Judges library, conference hall, administrative block, accommodation for Bar and litigants. However no guidelines for High Court buildings have been laid down.

Service area approach schemes of banks

1071. DR. NARREDDY THULASI REDDY: Will the Minister of FINANCE be pleased to state what are the advantages of Service Area Approach Scheme of the banks?

THE MINISTER OF STATE IN THE DEPARTMENT OF ECONOMIC AFFAIRS IN THE MINISTRY OF FINANCE (SHRI EDUARDO FALEIRO): The main advantages of Service Area Approach are as under:—

1. This approach would enable concentrated attention to the development of allotted area by the concerned bank branches.

2. The scattered lending over wide areas resorted to by commercial banks would give way to organised and planned lending.

3. It would make it easier for the Branch Manager to effectively monitor the end use of credit and assess its impact on increase in the levels of production and productivity and incomes of the beneficiaries.

4. The credit planning will be from grass-root level.

5. There will be a block level forum consisting of bank branches in the block and block level Government functionaries which will closely monitor the progress under the credit plans. The developments within the block would receive greater attention.

Thus, this approach aims at bringing about an improvement in the quality of lending, optimising the use of credit and establishing better linkages wth production and productivity.

1072. [*Transferred to the 1st August, 1989*].
